Description:

Review Jeannie Fulbright and Apologia have answered prayer for this homeschool family with the Young Explorer Series. . . . A beautiful book! We absolutely love this series! --The Old Schoolhouse Magazine

About the Author Jeannie Fulbright is a mother of four who shares with her readers a love for God's Word, family, homeschooling, and science. She began speaking and writing in college as a sportscaster for the University of Texas and as a headline writer with the *Daily Texan*. Soon after her family set out on their homeschool journey, Jeannie recognized an immense need for scientifically sound creation-based curriculum that would be both engaging for kids and easy for parents to use. Her background in science at the University of Texas inspired her to create the Apologia elementary science courses.
